

Graduation Survey 2010

Brief description of project:

A survey conducted in April as graduates came through the bookstore to purchase cap and gown. Designed to capture employment (placement data) and after graduation activities.

Who was asked to complete survey:

As many students as possible (by invitation) who came to bookstore for cap and gown

Respondents: 443 students

Administration Type: iPad Touches

Summary of Key Findings:

35% of all graduates at this time had offers for employment

Actions Taken:

Used as part of the institutional analysis and on Career Services webpage "Who Hires our Graduates"

Which department and/or program goals does this survey align with?

Career Services Strategic Objective # 7 "Implement coordinated assessment and research in support of the mission (UU, SA, Career Services).

Which Student Affairs goals does this survey align with?

Utilize a coordinated assessment, evaluation and research approach to promote data driven decision-making.
