

## **Project Summary: *Child Care/ Parent Night Out Evaluation 2013-2014***

---

### **Project Details**

#### **Goal and desired outcomes of the program or service:**

The Center for Child Care and Family Resources in collaboration with University Student Apartments/Early Childhood Education Center and ASUU Student Child Care provide a free babysitting service Saturday per month, during the regular school year, so parents have an opportunity to have a night away from the children to relax and regroup.

#### **Goal of assessment:**

To assess the quality and satisfaction of the Parent Night Out experience for parents and children  
To garner information on how to improve the program

#### **Population sampled:**

Families who used the free Parent Night Out service

#### **How many people were asked (if known)?**

**Respondents:** 41

#### **Administration Type:**

- ***Generic link via dept. email***

**Summary of Key Findings (*Did your assessment accomplish your assessment goal? Was the desired outcome of the program or service achieved? Describe why/why not and what was learned. Include data to support your statements.*)**

**95% of respondents were “very satisfied” with the quality of care their children received during the Parent Night Out experience, with 5% stating they were “satisfied” with the quality. Of the 5% (2 respondents) stating they were “satisfied,” one of the parents responded with information that can help further our goal of quality care while the parent is out for the night.**

#### **Actions Taken/Planned based on the findings from this assessment:**

New policy implemented to inform parents if an accident occurs during the evening. Thus, giving the parents the opportunity to return to child or continue their evening.

## **Alignment**

**Student Affairs Key Activity: [still in process]**

**Departmental Key Activity:**

**Departmental goal this project addresses:**

The Center for Child Care and Family Services provides special programming services to help with the health and well-being of student parents and their children. The Parent Night Out helps provide one night a month where parents can go out and enjoy themselves while their children are being cared for safely.
