

Furniture Expo 2013

Brief description of project:

In preparation for the ordering of new furniture for the dining hall we brought in furniture samples for respondents to look at and test out. Respondents were asked to rank the five pieces they liked the most.

Who was asked to complete survey:

Residents and staff of Housing & Residential Education and users of the Peterson Heritage Center and the Dining Hall

Respondents: 350

Administration Type: StudentVoice app on iPod touches

Summary of Key Findings:

Data collection allowed us to identify the most liked pieces (chairs, tables, and booths).

Actions Taken:

Data was used to make selections when ordering the furniture.
