

Work Environment Survey, SU 2009

Population for survey: HRE Department: Central Office, Leadership Team, Facilities, and Residential Education

Response Rate: 11 respondents of 25 requested

Summary of Key Findings:

- HRE staff reported significantly high levels of satisfaction with support provided from their direct supervisor.
- Some staff feel frustrated by the perception that others in the department are not held accountable.

Actions Taken:

- Ongoing conversation within Leadership Team for the department regarding having direct conversation with team members as well as multiple conversations regarding confidentiality as it relates to job action.
