

Fall 2008, Spring 2009
(Ongoing)

LGBT Needs Assessment

Key Findings:

- That the students that access the LGBTRC come from a broad background.
- The need to create a broader awareness of the center and our activities and resources.
- Students are looking for a safe comfortable place free from homophobia.

Actions Taken:

- Beginning fall semester, the center will be hosting “Fabulous Fridays” as a welcoming event for all students.
- We have sought out the support of the Chronicle as well as the university calendar to help us advertize the centers’ activities such as Pride Week in October.
