

Orientation Survey SU10

Population for survey: Students attending Orientation in order to enroll in summer 2010 classes

Response rate: 73.1% (326 of 446)

Summary of Key Findings:

- Over half (52%) of respondents registered for less than 12 credit hours (part time)
- Half (50%) of respondents registered for classes at Orientation, with the most common reason for not registering being that the student needed/wanted to meet with an academic advisor prior to registering for classes.
- 86% of respondents are transfer students.

Actions Taken:

Results will be taken into account when planning future Orientation programs.
