

## **Outdoor, Overnight and One Day Orientations FA09**

### **Summary of Key Findings:**

- Outdoor Orientation continues to grow in popularity and programming is well-received while still giving students essential information about requirements of the institution
- Students want more activities to help get them to know each other
- Students want more time with academic advisors
- Students are receiving/understanding information on academic requirements and resources available

### **Actions Taken:**

- Continuing academic presentations and adding “Academic Expectations” session
