

Swoop Camp: Adventure Orientation 2013

Brief description of project: Assess learning, satisfaction, and other outcomes of Extended Orientation program for incoming first-year students.

Who was asked to complete the survey:

Students who attended any of the three Swoop Camp: Adventure Orientations offered for Fall 2013 matriculating students.

Response Rate: 39.24% (31 of 79)

Administration Type: Campus Labs email

Summary of Key Findings:

- Respondents wanted more specific details about schedule and expectations prior to arriving
- Respondents' two main reasons for attending were to make friends prior to starting college and learn about/enjoy the Utah outdoors
- Respondents found smaller orientation setting beneficial in their transition to the university.

Actions Taken:

- More information will be sent to participants prior to similar programs in future years
- Benefits of small programs will be used in advertising for future programs
