Page - Veteran Support Center Information Form

One goal the Center has is to identify all members of the student Veteran community so we are able to paint a picture of what that community looks like for the university administration, our neighbors, and our fellow Veterans. To that end we are taking a headcount! If you are not drawing VA benefits then you probably have not shared this information with the university yet but, by sharing it with us (whether you are drawing benefits or not), you help us determine how many of us there are on campus so we can provide more and better support to the student Veteran. You also help us better illustrate the impact Veterans have on the U. We will not release this information to anyone outside the Center nor will we contact you without your permission. None of this information is mandatory and will not impact whether you receive support or not but it will help us better understand the Veterans community and provide more and direct support for student Veterans. Thanks for sharing this information with us. You may also stop by the Center at 161 Union and let us know. Thanks!
